### WILL BEGIN GRAND REVIVAL

Presbyterians Will Open Series of Meetings on December 1.

Beginning Sunday, December 1, under the auspices of the Presbyterian churches of Wichita, the Rev. W. E. Hildner, one of the greatest evangelists in the country, will begin revival services.

Mr. Hildner comes heralded as one of the best and most successful Christian workers in America and from everywhere he has worked some tidings of great spiritual awakenings and rich harvests.

Dr. J. William Chapman, who since the death of Mr. Moody is the most effective evangelist in the country says of him: "It was my pleasure to be associated for a few days with Mr. Hildner in Chicago, on the North Side, in a union of several churches. The pastors were united and hearty in their expression of appreciation of his work, one of them remarking that Mr. Hildner's impression upon Chicago was profound."

Mr. Hildner is a native of Indiana. He is a graduate of Princeton University and Theological Seminary, having finished the latter course in 1885. He graduated with honors, receiving the New Testament Fellowship in the Greek, thus enabling him to spend two years in University of Germany. After spending another year in the Holy Land he became pastor of Broadway church, Logansport, Ind. But his transcendent talent and fitness for evangelistic work were speedily recognized and he shortly after entered the evangelistic field and has had the most marked success.

His preaching is both trenchant and persuasive. He has a keen intellect, great executive ability and a large Christian spirit, and is sure to win his way to the hearts and lives of those with whom he comes in contact.

With Mr. Hildner comes Prof. H. Oscar Soule, an brilliant scholar and leader of the large church which is already being formed by Rev. McCannell, of the First Presbyterian church, according to the testimony of E. O. Kewell, Prof. Soule is the best living evangelist in America. So it is assured that this most important element in the meeting will be in competent hands.

Mr. Hildner and Professor Soule have been holding a series of meetings with united churches of Elkhart, Indiana.

### THE SEBASTIAN SERVICE

will be held in the Auditorium, the weekly meetings in First Presbyterian church.

It is hoped that under Mr. Hildner's leadership, the Christian forces of the city may be united and the hearty cooperation and united effort of all the churches may result.

## NEW BUILDING ON SOUTH MAIN

W. S. Brown Purchased Another Lot Yesterday.

FRONTAGE OF EIGHTY FEET

Of Three Story Buildings Will be His Holdings.

Willet S. Brown yesterday closed the deal for the purchase of thirty feet of ground just south of the building he is now erecting in the first block on South Main street. The property was purchased from G. H. Littlefield, assignee, and the price paid was \$4,500 for an entire lot and six feet of another one. The property directly adjoins the building Mr. Brown is now erecting. When the foundations for the present building were laid a heavy rain came which undermined the walls of the one-story brick building to the south and this collapsed.

The building is up to the second floor, but Mr. Brown will immediately begin the work of tearing out the little frame shack that now stands on his new purchase and clear away the debris of the wreck of a few weeks ago and will build a three-story building to correspond in every way with the one he is now building, and in connection with it. This new building will cost something over ten thousand dollars and when completed will give Mr. Brown buildings with a frontage of eighty feet on Main street in the heart of the city.

When this building is completed and the one on the corner south of it is built, of which an architect now has plans for it, the first block on South Main street will be a solid row of fine brick buildings, all two stories or more high, with the exception of one lot and it is rumored that a deal is being made for this property by a man who will put up a three-story brick building on it.

E. A. GOULD IN WICHITA

New Superintendent Making a General Inspection of Property.

Mr. E. A. Gould, the newly appointed general superintendent of the Missouri Pacific, spent several hours Sunday in Wichita getting acquainted with the employees of the company here and inspecting the company's property. He made a flying trip to this city some weeks ago but was here but a few minutes. This time he is taking more time and is thoroughly inspecting every bit of property in the country that bears the name of the Missouri Pacific. He was much pleased with the company's depots in this city and seemed surprised that the company required such large and commodious depots as he found, but when the trains came in and he got a glimpse at the other books of the local officers he saw the need of the fine buildings and was quite taken aback at the immense amount of business his road does in Wichita.

## A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonic Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

## MASONS CAME BY HUNDREDS

To Attend the Semi-Annual Reunion.

CLASS OF ONE HUNDRED

Will be Given Twenty-Nine Degrees.

Every incoming train yesterday brought Masons from all parts of the country. They came in crowds, all eager with anticipation. Hundreds are here now and at least a thousand are expected. The big Scottish Rite temple on the corner of First street and Tappan avenue was thrown open to the visitors and at 8 o'clock last night occurred the first exercises of the elaborate program, which is to last four days—Monday, Tuesday, Wednesday and Thursday.

For weeks the Masons here have been making preparations for this grand semi-annual reunion and last night everything was in readiness. The elegant rooms were aglow with light and at every turn the visitors were greeted with comfort and luxury.

The program for last night was the organization of the class of candidates. Up until 8 o'clock last night 125 candidates had made application for degrees and seventy-five of these were present. The rest came in late last night and today. These candidates have had various numbers of degrees, just as their home lodge happened to be able to give, but when they leave next Friday all will have taken the last degree conferred here, which is the thirty-second.

The organization of the class last night was not really a part of the mystic rite proper, but consisted simply of a roll call and the establishment of each candidate in his place. This work was conducted by Giles Smith. The work of organization required but a short time and after it was finished the evening was spent in a social way. The idea was for all to become acquainted and to make the visiting Masons feel at home.
